

Dr. Vimukta Sharma Profile

Dr. Vimukta Sharma, Principal, B. M. College of Pharmaceutical Education and Research, Indore, MP, India a lady who has set standards for dedication towards the teaching profession, whose last moments of life and last breath also was for students. This bold personality was borne in a humble family on 22nd of December 1968 and served mankind for educating the society till 25th of February 2023. A strong leader, a dedicated teacher with strong determination and immense courage has spun countless students into bright feathers during her professional career.

She did her graduation in Pharmacy from Shri Govindram Seksaria Institute of Technology and Science, Indore, MP, India in 1991, Masters in Pharmacy from Jamia Hamdard University, Delhi, India in 1993 and doctoral degree on Novel Studies on New Analgesics Designed by Molecular Topology from Devi Ahilya Vishwavidyalaya, Indore, MP, India in 2001. She held a teaching experience of 30 years and was serving B. M. College of Pharmacy since 2007.

Her professional journey started from Nicholas Laboratories in 1993 now known as Piramal Group of Industries. She started her teaching career from Maharaja Ranjit Singh College of Professional Sciences, Indore, MP, India in 1994 as one of the pioneer teachers of the institute. She served here for 12 years and established a sound base for Pharmaceutical Chemistry in the Department of Chemical Sciences. She worked as one of the strongest pillars of the institute by involving students in various co-curricular activities such as workshops, conferences, industrial visits and educational tours. She was very popular among students because of her outstanding teaching and leadership qualities. She led by going that extra mile to encourage not only her students but also her colleagues.

She has numerous publications in journals of international and national repute with very high citation index. She has delivered numerous invited talks and conference presentations in national and international intellectual gatherings. She also contributed to the scientific world by guiding Ph. D. students, being member of Board of studies and Research Committees.

Dr. Vimukta Sharma was catalytic in continuous engagement of students and teachers in high quality academic activities. She has organized various government funded conferences, seminars and workshops.

Dr. Sharma is a founder fellow member of International Science Community Association. She was an active member of the association and served as Editor-in-chief for Research Journal of Pharmaceutical Sciences. Her research group has also contributed several research papers in association journals.

She was a soft-hearted lady who had compassion and consideration for all. A person who helped the needy students, a person who encouraged the succumbed personalities and a person who sharpened the potential personalities. An individual with strong educational background had the immense potential of propagating the unfading interest in her subject. Her exemplary qualities and willingness to go to unreachable extents for educating students stimulates us to dedicate "International Best Teacher Award" from the year 2023 in her name as "**Dr. Vimukta Sharma Award**".
